

LDA for Multi-lumen Dialysis Catheters

Epic 2012 Upgrade Job Aid

The upgrade to **Epic 2012 occurs early morning on Dec. 8, 2013**. There are changes to the LDA's that affect dialysis documentation around double and triple lumen catheters. You now have the ability to document the assessment of each lumen individually.

<p>When adding an LDA, you have the choice of Double or Triple Lumen Dialysis Catheters.</p>	<table border="1"> <thead> <tr> <th>ID</th> <th>Display Name</th> <th>Record Name</th> </tr> </thead> <tbody> <tr> <td>2451</td> <td>DO NOT USE - Dialysis Catheter</td> <td>ARCHIVE - LDA DIALYSIS CATHETER G</td> </tr> <tr> <td>19796</td> <td>Dialysis Double Lumen Catheter</td> <td>LDA DIALYSIS DOUBLE LUMEN CATHETER G</td> </tr> <tr> <td>19797</td> <td>Dialysis Triple Lumen Catheter</td> <td>LDA DIALYSIS TRIPLE LUMEN CATHETER G</td> </tr> <tr> <td>2454</td> <td>HD Graft/Fistula</td> <td>LDA HD GRAFT/FISTULA G</td> </tr> </tbody> </table>	ID	Display Name	Record Name	2451	DO NOT USE - Dialysis Catheter	ARCHIVE - LDA DIALYSIS CATHETER G	19796	Dialysis Double Lumen Catheter	LDA DIALYSIS DOUBLE LUMEN CATHETER G	19797	Dialysis Triple Lumen Catheter	LDA DIALYSIS TRIPLE LUMEN CATHETER G	2454	HD Graft/Fistula	LDA HD GRAFT/FISTULA G
