

Sept 21th, 2016 Products Committee Minutes

Attendees-

Present: Mary Lewis, Scott Hansen, Ed Stauffer, Chris Grove, Connie Anderson, Neal Burkhardt, Joyce Morimoto, Tammy Heck, Cole Kavanagh

Absent: Andrea Nelson, Roseni Roche, Tosha Whitley, Bonnie Collins

ITEM	Discussion	Action	Completion	Follow-up
Dialysis chair	If Trendelenburg is not a requirement revisit dialysis chairs	Look at patient comfort; look at chair maintenance	CLOSED	Not in bandwidth, concerns over 510K
Vanish Point Needle	More conversation about infection control issues	Mary will email the Managers to see how the use is going pro's/con's and how staff dispose of extra fluid left in syringe	OPEN	Discussion regarding extra lidocaine left in syringe gets ejected out when needle guard activated causing infection risk.
Hand held ultrasound	Looking at replacement for Terasons	Scott set up demo's with 4 vendors to look at Sonosite, Sonic Window, VScan & Mobi Sante	OPEN	Do we need flow rate or not? Connie to follow up with Leanna Tishler & med staff exec
Disposable Arjo Slings	Disposable sling presented. Inexpensive, can dedicate to patient till no longer needed then disposed. Alternative to hanging slings around in unit and spraying them with disinfectant and waiting for them to dry	Disposable slings reviewed with infection control.	OPEN	4pt sling- \$40/each 2pt sling \$35/each Bulk discount? Storage?
Bariatric CPR Board	Dr Fung requesting for Auburn for large patients & bed patients	Trialing @ Kent, Auburn & Renton. Bed headboard dimensions, current board & bariatric board pictures reviewed at May meeting	OPEN	All units will need a standardized CPR board (will decide on one with new crash carts) HOB will be used for bed patients
SysLocMINI fistula needles from JMS	Tosha sent info to be reviewed at meeting regarding anti stick mechanism & ease of use for staff	Still trialing	OPEN	Kirkland trialed & did not like Cont West Seattle trial and add SKC to trial. Joyce gave some to Deb M to trial at Enumclaw but won't be able to do it till Nov so we need to let her know if we want her to or not
Face Shields	Insert from alternate face shield	Neal to get sample & pricing	OPEN	

ITEM	Discussion	Action	Completion	Follow-up
	presented from staff person who said they were more comfortable and adjustable			
BP Cuffs	From Mary L- I have a cuff that was sent to me by RKC staff. They hate them because they don't work a lot of the time and they end up having to try 2 or 3 just to get a cuff that works	I know that one of the units (LCKC I think) went back to the expensive Braun cuffs but they are happy with them, or so I am told, even at \$65 a cuff.	CLOSED	Neal got pricing and they were \$30 and up. Decision is it's not the cuff it's the process
Crash Carts	Need to standardize them	Pictures of KLKC & Seattle	OPEN	KLKC-30"X18" SCU 29"X24.5" Chris to get with floor nurses to decide on a standardized cart and contents
Acid Mixers	Storage tank parts are cracking and needing to be replaced	Tammy & Scott to research options	OPEN	
Chlorine Notification Alarm System	Looking for an alarm to alert to chlorine checks that can only be turned off in the water room	Tammy to get more information	OPEN	
Spill Kit	Cole brought a sample spill kit to discuss using for blood spills & mincare spills	Sample did not have what was needed for Mincare. Determined that staff on the floor would use whatever was in closest proximity so decided not for floor use.	CLOSED	Tammy to standardize existing Mincare spill kits
O2 concentrators	Gerry would like us to look at			
10cc McKesson syringes	no longer available	Alternatives & repercussions on machine heparin delivery	OPEN	

Next Regularly Scheduled Meeting: Nov 16th, 2016 10:30am-12:00pm Melang Conference Room
