

Feb. 21, 2023

Hepatitis B Nurse Education Series starts Feb. 23, 2023

This education series started this week on 2/23/23 and will run every Thursday through 3/23/23. This is open to all but specifically geared toward nurses in the clinics. In the series, we will review the Hepatitis B Surveillance and Vaccination policy changes made in December 2022 and will have time for discussion and any questions regarding the policy and Hepatitis B in general. Each meeting is the same information, just offered each Thursday at 2:30 p.m. and 3:30 p.m. so people have an opportunity to attend one. Please see calendar invite for Webex information.
