Instructions on how to update your Linkedin profile header

Your professional headline is the text below your name in **the introduction card on your profile**. It's displayed in search results and can be separate from the title of your current position. Your headline is usually created when you add a new and current position to your profile, and it can be used to promote an area of expertise.

1. Go to your profile on LinkedIn. Don't have one? Create one!
2. Near the top of your profile, you'll see the pencil - click to edit
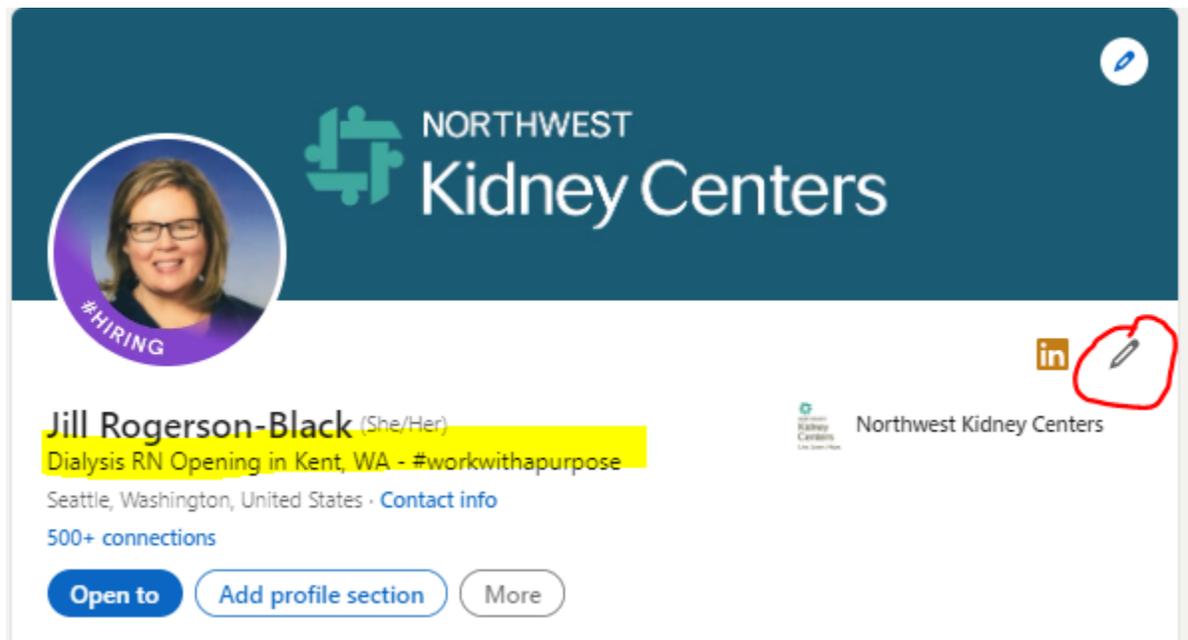

3. In the "Headline" section, type in what you want your header to say. Above example shows "Dialysis RN Opening in Kent, WA - #workwithapurpose"
4. Click Save
5. Done!
