

A New Way To Receive Northwest Kidney Centers Updates

Stay up to date with what's happening within Northwest Kidney Centers and receive messages on the go with the SnapComms Mobile App.

- Receive organization updates straight to your device – from essential info to social messages
- Skim and read all updates in a simple social media-style newsfeed
- Respond to and register for event and training invitations
- Quickly receive updates on emergencies like severe weather or fire, as well as culture-building messages on new starters or birthdays!

Download the SnapComms App in three easy steps!

1 Scan the QR Code or click on your phone's app store.

2 Download and open the SnapComms App.

3 Follow the instructions and you're ready to go.

If the SnapComms Mobile App is manually installed use Organization App Code:
